

Speed Networking Event

Co-hosted by
the Mt. Diablo Chapter of ASTD and dear jane...

Do you want to make a lasting impression that helps you land your next job?

- Network, Network, Network! (Yes, it can be FUN!)**
- Communicate three key message points about yourself professionally!
- Wrap up a networking conversation and walk away with no strings attached.

Learn how networking can be FUN! You'll learn how to step outside of your comfort zone and meet two to three new people a week. Get ahead of the competition and work smarter, not harder!

Join the MT Diablo Chapter of ASTD and 'dear jane,' a career advisement company, for this highly interactive learning workshop during which you will deliver your own "elevator pitch" and get ahead of the competition!

Rebecca Martin and Julie Youngblood of dear jane... have worked together for the past 12 years and coach clients into jobs everyday. Collectively, they have worked as internal corporate recruiters, agency recruiters, and headhunters, so they have the "insider's perspective" on how to successfully land a job!

Register today! Space is limited. Contact Tina Lo at the Mt. Diablo ASTD chapter.
